Warning to Developers

The Bank of America says it has evidence that the California homebuilding industry is painting itself into a corner

That warning comes from a more responsible source and with more documentation that that which minions of the stock market industry provided prior to current market losses resulting from the crash which investors are suffering today.

Space of equal size and prominence will be provided to any responsible market analyst who believes he can refute this statement.

C. O. Phillips, regional vice president of the Bank of America this week warned that the construction industry has not completely accepted the full implications of recent changes in the economy. At the same time mortgage credit will be more readily available in California over the next year than any time since 1965, he said.

"Builders, following their usual pattern of pushing production to the limit of available financing could lead to temporary overbuilding," Phillips noted. In a tightening economy potential buyers will be unable to afford higher-priced single-family units now being built.

Although the economy of San Diego County is continuing to grow at a rate well above the average for the California, the rate of growth in 1971 is not likely to match the growth of the past few years, Phillips said.

Both residential and non-residential building activity is expected to be level or down slightly in the years ahead.

In the decade of the 1960's, total population of San Diego County increased 305,000. About one-half of this gain came from net migration into the county. In the next few years, net migration into the county will decline.

The past few years have seen a shift in the pattern of residential building away from the single-family unit and more into apartment projects and other multiple unit structures. Now about 60 percent of the new units are in multiples.

New starts in 1971 in San Diego County should total about 25,000 units with only about 10,000 single-family homes. This level of construction is above the growth of market demand.

Many potential buyers have been priced out of the housing market.

Three other significant changes in the economy that the building industry should take into consideration for its future plans:

A reduced birth rate; a sharp decline in in-migration; and cutbacks in aerospace employment and the resulting changes in the state's current and prospective employment mix.

Over the past five years, the rate of in-migration dropped under 50,000 per year and the birth rate fell from 23 per 1,000 population in 1960 to 17 per 1,000 population in 1969.

From 1970-74, total population gains are unlikely to average over 200,000 per year, and Bank of America believes that 150,000 new housing starts per year in California will constitute the upper limits on market demand.

However, basing its projections on industry policy of expanding as rapidly as available financing will permit, the bank expects housing starts to reach 160,000 in 1970 and 185,000 in 1971.

60-Unit Development On Berry st. Protested

SAN DIEGO (CNA) — A 60-unit (10 to the acre) planned residential development (PRD) was approved on Friday by the County Planning Commission over the protest of some householders in the vicinity.

The location of the six acres is on the east side of Berry st., south of Mt. Vernon dr. and the applicants were R. L. Lattanzio and J. M. Grassi.

A number of people spoke in protest or for a postponement of action so they could become better informed, including Tom and Eva Price, Mrs. Dorothy Bradshaw and Fern Hanna.

Their primary point was that Berry st. was substandard and could not handle the additional traffic.

There wasn't much argument about this, but the commission indicated that Berry st. is a public way and one owner is as entitled to use it as another.

The section is zoned R-2-A as are many more in Lemon Grove. If substantial amounts of this acreage were to be developed to its allowable density of 14.35 dwelling units per acre the load on the streets would become intolerable.

The commission decision is final unless it is appealed to the Board of Supervisors and it probably will be.

Brothers Charged With Barbershop Bombings Enter Plea

SAN DIEGO (CNA) — A pair of brothers charged with terrorizing non-union barber shops and beauty parlors throughout the county Thusday in Superior Court pleaded "no contest" to charges of conspiracy and malicious mischief.

Joseph Jack Roccaforte, 29, of 10707 Jamacha rd., Spring Valley, is president of the local barbers' union. His brother, Don Phillip Roccaforte, 25, lives in El Cajon. The two operate their own barber shop at 3950 Clairmont dr., San Diego.

The pair was arrested on Aug. 26 on a 14-count grand jury indictment. Much of the testimony before the grand jury was supplied by Mike Bell, described in the indictment as "unindicated co-conspirator."

The brothers were charged with breaking windows and planting bombs at barber shops where the owners refused to join the union. The first count was dated Feb. 26. Both brothers have been out on bond of $6,250.

Board Approves Library Funds, More Lunches

The Lemon Grove School District Board of Trustees met Monday night, and approved an application for funds to be used for library materials under the ESEA Title II program, and approved more free and reduced price lunches under the National School Lunch Act.

Regarding the library materials funds, the board approved the submission of the application for $6,278, nearly twice the amount of allocation last year. Books and other library materials include those for Saint John of the Cross School and the Lemon Grove Christian School.

At a meeting of the Board last month, trustees voted to allow all students at Golden Avenue School to receive reduced price lunches under the ESEA Title I program.

At Monday's meeting, it was reported that reduced price lunches are being received by an average of 315 students. Before the reduced price lunches went into effect for the whole school, an average of 181 students were buying school lunches. The increase brings the total number of students receiving lunches to about 75% of the enrollment. Additionally, 29 students at Golden Avenue receive free lunches.

Over 500 students in the district are now receiving free or reduced price lunches. It should be noted that the district receives total reimbursement from Federal funds under the program.

In other action, the board approved an agreement with the University of California Extension to employ Edith Curry as an instructor for the cours "Individualized Instruction," to be offered exclusively to the Lemon Grove School District staff.

Public Hearing Called For Palm Improvement

The street-widening improvement of Palm street in Lemon Grove will be discussed at a public meeting Thursday evening, Dec. 17. The 7:30 p.m. meeting will be held in the Mt. Miguel High School cafeteria, 1800 Sweetwater rd.

County Engineer Howard M. Taylor said the affected area of Palm street extends from Imperial avenue to Golden avenue. An explanation of how and when the improvement will take place will be given to area residents, he said. He also said that comments from those attending will be eagerly sought.

Woman Released On 'Pot' Charge

SAN DIEGO (CNA) — Faysene Ann Anderson, 34, of the 3400 block of Harris st., Lemon Grove, was released from county jail on Dec. 7 on her own recognizance.

She appeared that day before Superior Court Judge Robert O. Staniforth for a bail review in connection with charges against her of sale of marijuana. Her bail had been set at $1,250.

The district attorney's records showed that Judge Staniforth had continued the bail hearing to Dec. 10. But when an attempt to set the matter for hearing that day was made, it was discovered the judge had freed Mrs. Anderson three days earlier.

Efforts To Create Youth Counseling And Recreation Center Set In Lemon Grove

Local Youngsters Serve On Policy Subcommittee

A special committee formed of members of the Lemon Grove Kiwanis Club, Lions Club, Chamber of Commerce, Planning Association and PTA's met last Thursday at 11:45 a.m. to organize an effort to create a counseling and recreation center for Lemon Grove youths.

Spearheaded by the Lemon Grove Kiwanis, the effort began last month when the committee was formed, led by Rev. Jimmy Johnson, of the Kiwanis Club's special development committee.

In last week's meeting, the joint committee, which also includes five youngsters from local junior high schools and will later include two high school students, split into three subcommittees in an effort to get the project started.

Building Group

Chairing the subcommittee which is assigned the task of investigating possible sites for the center is Len Farness. The need for the subcommittee was brought about when queries into a building on Broadway which is not in use revealed a higher rent than was expected.

Chairman of the subcommittee to determine the policies of the center is Jerry Peterson, a San Diego State College student who is working with the Lemon Grove School District.

The policy subcommittee will decide what hours the center will operate, what days, how telephone counselors will be trained and other policies.

Students Serve

Serving on the policy subcommittee will be the five junior high students, Yolando Steiner, John Durand, and Carlos Alcala, of Lemon Grove Junior High, and Ruben Morales and Valerie Sones, of Palm Junior High.

Also on the subcommittee, which is made up of an equal number of students and adults, is Louis Poluzzi, principal at Lemon Grove Junior High, Hal Brogan, principal of Palm Junior High. Jim Dor-

Broadway Landscaping Program 'Very Likely' Says Russell

If the rest of the property owners along Broadway show as much enthusiasm as those did who attended Friday night's meeting at L.G. Junior High school, Lemon Grove's main throughfare will soon have a park-like appearance.

The meeting was sponsored by the L. G. Chamber of Commerce for the purpose of informing those who had questions as to the appearance and responsibility that will follow the 1971 improvement.

At least two more property owners signed a petition praying for the improvement which would provide landscaping in center islands and repaving of the privately owned parking areas between the roadway and the sidewalks.

As part of the improvement which will cost 44 parcel owners about $35,000, the parking area will be re-striped and a parking strip will be installed.

Ornamental light standards will be moved from the parking areas to the center islands.

Care of the shrubs and plants in the center island and upkeep of the parking areas will be covered by a maintenance district.

Bob Russell, chamber president, said Friday "two or three more property owners are needed" to obtain the necessary 60 per cent of the total property owners to form the district.

He said he had been assured by more than two that they would sign "perhaps this week." The project is "very likely" to be approved, he added.

Without such a district, the landscape and parking area improvements cannot be made.

Landscaping will be paid for by the County. Property owners will pay for resurfacing and striping. That is what the $35,000 is for. Pete Vivoli, an engineer with the County, said that the cost to property owners "is a bargain."

Russell brought up an interesting point Friday when he announced that the sheriff's department could exercise control over the parking area when it becomes a county maintenance district. Previously, loitering and littering on the privately owned property was not under the jurisdiction of any authority. Presumably, deputies will take the same action on property within the district as they do on any other county property.

Also expected to end is the dangerous practice that now exists as drivers travel the wrong way on the privately-owned parking areas.

In addition to Vivoli, other county personnel participating in Friday's meeting included John Puskas, landscape engineer, Dick Gaines, traffic and design engineer, and Al Boggs, senior design engineer.

Also present to discuss traffic was California Highway Patrol Officer John Annis, who lives in Lemon Grove.

It was not decided whether or not there would be another property owners meeting but Russell said that he would answer questions at his place of business at 7920 Broadway.

LG Fire Report

The Lemon Grove Fire Department answered a fire call Dec. 9 at 11:59 p.m., to 3202 New Jersey, the home of Mrs. Veda Murray. A short in an electric blanket caused about $150 damage to a bed and about $100 smoke damage to the house.

The Department answered three rescue calls during the week.

On Dec. 9 at 2:47 p.m., the rescue team went to Imperial and Central. There Mrs. Lena M. Sims, 71, had been struck by a car. She was given first aid and sent to Mercy Hospital.

Also on Dec. 9, at 8:41 p.m., the crew went to 8422 Palm ave. There they gave oxygen to Gabriel Battino, 61, for illness and stood by until a doctor arrived.

On Dec. 11 at 11:01 a.m., the crew went to 6794 Central. There William Ybarra, 15, had been taken with an unknown illness and was sent to a hospital.

Painter Sought For Unused Fire Hydrant

SAN DIEGO (CNA) — The county Public Works Agency has been presented the "Case of the Unpainted Fire Hydrant" by the County Board of Supervisors.

The location is at Boulevard and Mass. in Vista La Mesa.

Darwin Wrestling of the Vista La Mesa Christian Church told Supervisor De Graff Austin by letter that the "hydrant is all rusty." He said it needs sand blasting and painting.

Wrestling said he had complained to the Helix Irrigation Dist., the L.G. Fire Dept., the La Mesa Fire Dept., Calif. Div. of Forrestry, and the S.D. Public Works Dept. They all had the same answer. They don't paint fire hydrants!

Investigation showed the hydrant is located in a small area which is not in any fire district, but was installed by Helix.

It seems odd that a fire hydrant would be installed in an area not served by a fire department, but it was undoubtedly a county subdivision requirement.

It seems more odd that even a small portion of Vista La Mesa is not in a fire district.

United Crusade Falls Short Of Goal This Year

Nearly 500 volunteers heard United Crusade campaign leaders report a final total of $5.5 million for the annual drive at a dinner in the El Cortez Hotel, last week.

Though the campaign reached only 91 per cent of its goal, General chairman Leonard J. Zanville called it a "victory for this year of severe economic distress."

The dinner marked the end of a campaign that began September 30 with a goal of $6 million. Since then an army of more than 3,000 volunteers has been covering every city and town in San Diego County, from Fallbrook to Borrego to San Ysidro.

Although most San Diego County communities were unable to achieve their goals, Lemon Grove made it with 100%. Only two other communities in the East County did better. Lakeside had 126%, and El Cajon had 105%.

Local Youngsters To Collect Food, Clothes

Sister Claire Lebreux, principal, has announced that the students of Santa Sophia Academy, in Spring Valley, have made their Christmas project this year the collecting of toys, tinned and packaged foods, warm children's clothing, bed linens and medical and building supplies for the children of Rancho Nazareth Orphanage, located 5 miles west of Tecate.

The orphanage is under the supervision of Father Henry Vetter of the Passionist Fathers, whose dedicated work extends from a thrift shop in Pasadena to the rough part of Baja. At present there are 35 boys between the age of 6 and 15 and 42 girls from 2 to 15 years in the orphanage.

In January, this year, this orphanage was destroyed by fire and since then volunteer workers have been laboring to rebuild, with donated lumber and building supplies.

The boys' home is finished and occupied, the nuns' living quarters finished, and the girls' home partially constructed, one wall having collapsed during the recent high winds due to insufficiet lumber to brace it. The girls are temporarily "farmed out" in Tijuana.

Mrs. Ralph Castellanos, chairman and coordinator, says that as a "kick-off" for the project the students each brought a wrapped gift or offering of canned goods which were deposited in decorated boxes at the altar during First Friday Mass on December 4.

There are also decorated carteons in each classroom, kindergarten through eighth grade, and the 320 students are filling them with the needed items and toys which they have personally wrapped as Christmas gifts and tagged as to age and whether for boy or girl.

Mrs. John O'Hea, President of the Santa Sophia Parent-Teachers Group, says this organization is also soliciting large donations of candy canes, bread, flour, sugar and clothing items.

On December 18, a caravan of station wagons, filled to overflowing, will make the big delivery to Rancho Nazareth Orphanage.

Learn Spanish the Easy Way

Hardison's Telespanish

By JAMES HARDISON

How does one say "doing" in Spanish? Would you please help me learn to say "I am doing something." Also, how does one say "I am doing everything." These are very interesting and important phrases for me.

"Haciendo" means "doing." It is taken from the verb "hacer" which means "to make" or "to do." The suffix "iendo," which is equivalent to "ing" in English, is used in constructing this word. Remove the "er" ending from "haver" and add "iendo" to form "haciendo."

"Estoy haciendo algo." means "I am doing something." In this phrase we have begun with "estoy" which means "I am" and concluded with "algo" which means "something." We may modify this phrase by replacing "algo" with "todo." The results would be "Estoy haciendo todo." for "I am doing everything."

We may ask "What are you doing?" by saying "Que esta haciendo usted?" Here we have introduced "Que esta" to mean "What are you?" A response to this question might be "Estoy leyendo." for "I am reading."

"Aprendiendo" and "escribiendo" are constructed in the same manner as "haciendo." These would be translated respectively as "learning" and "writing." These are taken from "aprender" (to learn) and "escribir" (to write). We have just removed the "er" and "ir" endings and replaced them with "iendo." "Estoy aprendiendo." (I am learning) and "estoy escribiendo." (I am writing) demonstrate how "aprendiendo" and "escribiendo" may be used in ordinary conversation.

Practice phrases listed below represent practical examples of how "haciendo" and other words ending in "iendo" may be used. You may wish to practice saying the same words and phrases with the aid and guidance of the automatic recording that says them for you in an exercise pattern of less than two minutes when you dial 276-2762.

IMPORTANT PHRASES:

Say "Ahora estoy escribiendo." (ah-OH-rah eh-STOH-ee eh-SCREE-bee-EHN-doh) for "I am writing now."

OTHER PHRASES:

Say "Esta usted aprendiendo?" (eh-STAH oo-STEHD ah-prehn-dee-EHN-doh) for "Are you learning?"

"A Visitor Once — A Friend Always"

This Sunday

Let no one imagine that it is a strained and unnatural thing for one to pray. The contrary is much closer to the fact. It is for more unnatural for one not to pray. Prayer is one of the most natural of human instincts. Prayer is man's response to the divine will.

IN CADENCE PLEASE! — Five foot-weary Miguel musicians step off in cadence as they labor towards marching perfection for the Rose Parade. From left to right Ray Robinson, Jeff Vizer, Alan Myers, Wayne Worthington, and Dave Jones set a pace for their marching Matador bandsmen. (Photo by Mike Kelso)

Matador Band Ready For Roses January 1

Take 120 energetic musicians, add a huge sweepstakes trophy from the Autumn Band Review, a dedicated director, and a devoted Music Parents' Club; mix well during hours of rehearsal and what do you get? The Rose Parade-bound Mount Miguel Marching Band!

The five-time rose award winners have a strenuous after-Christmas schedule; director Eugene Corporon has scheduled them for marching sessions for 4 hours **every** day except Sunday, to get them ready for the grueling 7-mile appearance on January 1 in the world-famous Rose Parade.

Students Anticipate The Day

Band members like sophomore Kevin Steinburg believe "winning the right to appear in the parade is **worth** all the effort I'm putting into it." Senior Mike Farming said quietly, "The Rose Parade will be a fun trip, but it will also give me a feeling of satisfaction knowing that I have represented my school throughout the world."

The logistics involved in preparing for such an appearance are staggering: 4 buses to transport band musicians, with seniors having seating priority; personal clothing, uniforms and accessories for 120 students; musical scores and instruments for the same numbers; seating for chaperones, and a general medical kit to treat blisters, scratches, sore throats, or any other sudden health hazard.

Assembling Resources — Money

"We couldn't do it," Corporon said, "if it weren't for the tremendous community support, student participation, and Music Parents' Club."

It takes more than hard work, however, to get such an organization on the road; money is a necessary ingredient. Band members sold fruit cakes, Band Jamboree tickets, and benefit concert tickets to help defray the costs. Of the $2,500 needed, San Diego Supervisors gave the band $1,000 so their expenses have been provided for; San Diego City Council members and had to say "no" to all fund requests.

When asked what he drew personal satisfaction from for this appearance, Corporon said matter-of-factly, "The students' reaction to winning. Since this is just my second year here, you can imagine how pleased I am!" He continued, "Our appearance provides good exposure for the city and county; it not only results in local pride and publicity, but it does help the Grossmont District music program."

Band Made Many Appearances

Although the Rose Parade is the highest point of the marching season, the band really embraces five bands within itself: the symphonic band, the concert band, and Wind Ensemble, which have just recently held auditions for membership; the Jazz Band, and the Pep Band. These groups participate singlely and as a full band in various community activities.

Behind them is the Fallbrook Pioneers' Day parade, in which they won first place; the Autumn Band Review in which they captured sweepstakes and the Best Musicianship award; Santa Monica, first place; Arcadia, third place, and the Long Beach All-Western Band Review, fifth place.

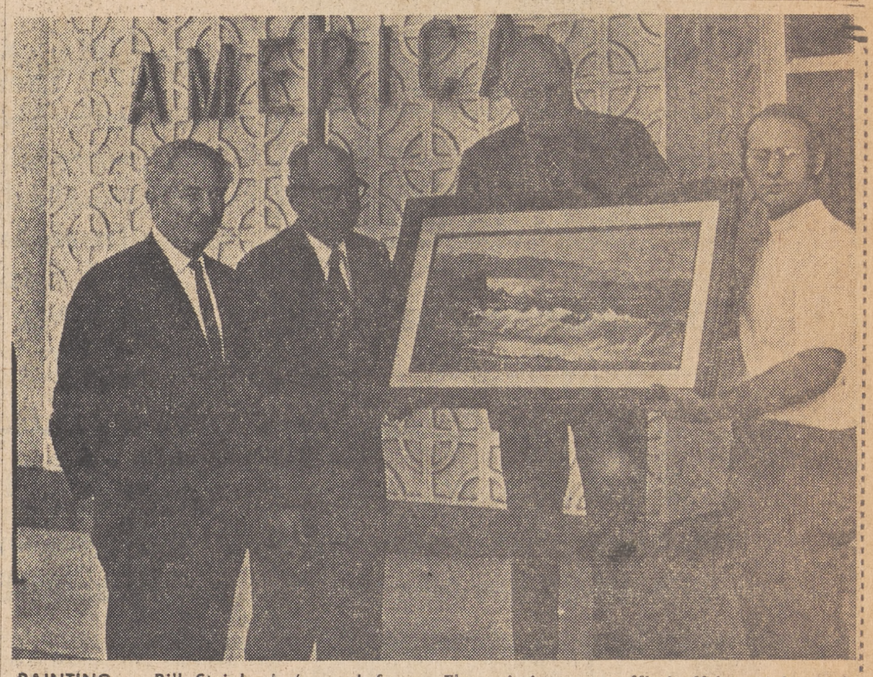

They have also appeared in the Lemon Grove Kids' Day Parade, the Band Jamboree, an SDSC game, at the Charger half-time on December 6; Mother Goose Parade; and their benefit concert last night.

Although "all work and no play make Jack a dull boy," band members have no intention of letting this happen; they keep up their spirits by **both** hard work and parties, the closest one of which is scheduled for Friday, December 31 when they invade the Holiday Inn in Orange for their pre-parade fun.

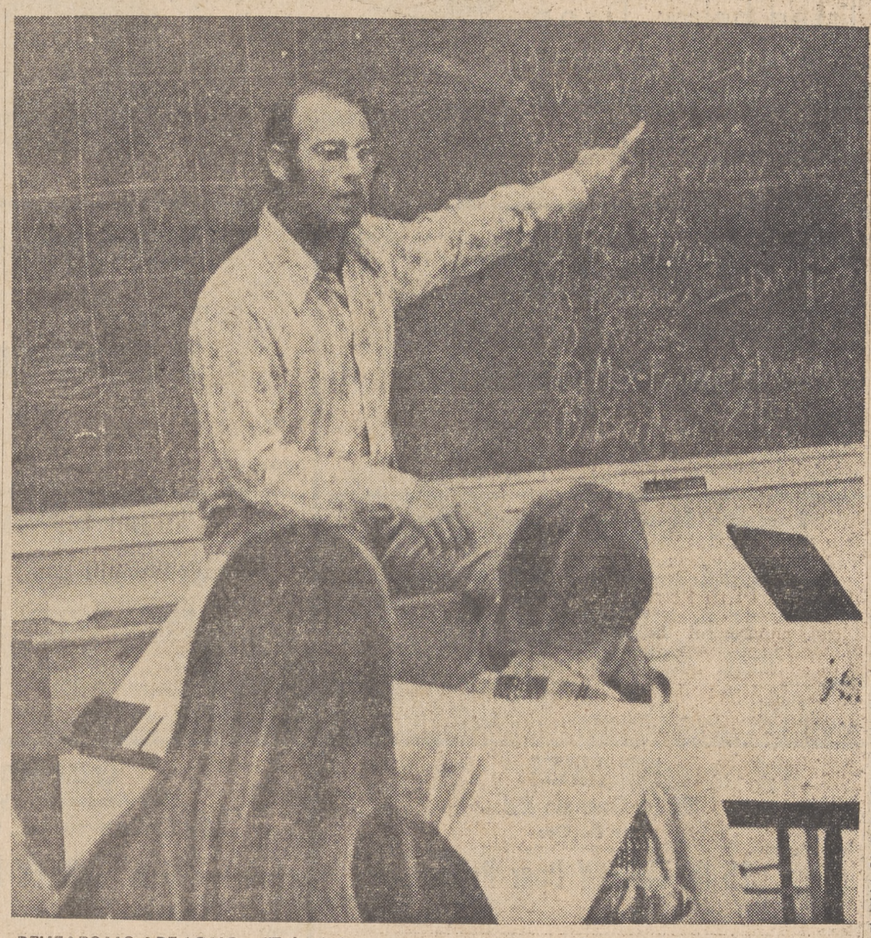

The musical "Hello Dolly" set a record of 2,718 performances, breaking a previous one held by "My Fair Lady".

PAINTING — Bill Steinbeck (second from left) along with members of the Spring Valley Kiwanis Club, present Gene Corporon, Mount Miguel Marching Band instructor, with a painting Steinbeck donated to the band as a fund raiser. The painting was raffled off last night at a concert at Mount Miguel High School. The band has nearly reached its goal for funds to pay for the trip to the Rose Parade and to buy new uniforms next year.

REHEARSALS ARE LONG— "Take it just once more from the beginning of the allegro," Eugene Corporon says as he prods his weary musicians in rehearsal. (Photo by Mark Coffin)

Probation Meted On Shooting Charge

SAN DIEGO (CNA) — A Lemon Grove man who pleaded guilty to assault with a deadly weapon against an off-duty San Diego police officer was placed on three years' probation Tuesday in Superior Court.

Ignacio Solis Romero, of the 7600 block of Pacific avenue, Lemon Grove, originally was charged with assault with intent to commit murder, was arrested on July 25 after Police Officer Randel Swanson reported that his car had been hit by a bullet from a high-powered rifle.

CDO Baptist Plans For Annual Christmas Program

The annual Christmas program of the Casa de Oro Baptist Church is scheduled for Sunday evening, Dec. 20 at 7 p.m. The program will be presented by the Sunday School classes. The Christmas Program Committee has arranged an evening of special blessing, says Rev. Ernest Anderson, pastor. There also will be treats for the children and youth.

The usual Wednesday meetings will not be held on Dec. 23 inasmuch as the church families are encouraged to attend the Christmas Eve service at 6 p.m. on Dec. 24. These services however, will be resumed on Jan. 6.

Following this they went carolling to the homes of several shut-ins and also to the Casa de Oro Guest Home. They concluded the evening at the home of Mr. and Mrs. Jim Hinton for refreshments and fellowship.

The choir went carolling on Dec. 15. Their presentation of the cantata "The Wonder of Christmas," by John W. Peterson, on Dec. 13, was a blessing, said Rev. Anderson. They will present the same cantata on Christmas Eve at 6 p.m.

Monarchs Trip Trojans, Win Fifth Straight Game

By Tom Blattler

The Monte Vista basketball team gained its fifth straight win and remained unbeatened by defeating the highly-rated Castle Park Trojans, 74-68, at the losers' gym, Friday night.

The Monarchs, ranked number one in the county, were led by center Allen Bunting, who scored 22 points.

Bunting, who had been suffering from broncitis most of the week, seemed tired at halftime, but the 6-foot-7 senior still aided the Monte Vista victory by scoring 11 points in the third quarter.

Guard Bob Papciak was the Monarchs' second leading scorer with 17 tallies. Papciak got many interceptions for layups and hit outside jump shots to help the team.

Forwards Gary Earle and Jack Cross both scored in double figures. Earle, a 6-foot-3 senior, had 13 points, and Cross, a 6-foot-3 junior, chipped in with 12.

The leading scorer for the Trojans was guard Bob Peterson with 21 points.

The first quarter had a fast tempo with both teams putting on a full-court press. Castle Park led 21-20, after the first eight minutes.

In the second stanza, Monte Vista got break away layups to put them in the lead at halftime, 43-37. Papciak and guard Carl Stucky helped the Monarchs gain the lead.

Outscoring the Trojans in the third quarter, 17-12, the Monarchs looked like they were going to pull away from the Trojans.

But Castle Park came storming back with Peterson and forward Gary Anderson leading the way in the fourth quarter. The Monarchs then employed a stall to slow down the fast pace. Although the Trojans outscored Monte Vista, 19-14, in the final period, the Monarchs held on to win.

Monte Vista will be playing La Jolla Tuesday at the Vikings' gym. The Monarchs are seeded number one in the annual Kiwanis Basketball Tournament held on December 17, 18, 19, and 21.

TOURNAMENT — Mount Miguel High School played host to a high school wrestling tourney last Friday night, and came away with the title, nipping University by two points. Wrestlers participating in the tournament were in action from 3 p.m. Friday afternoon until the finals were over at about 9:30 p.m. Five Mount Miguel wrestlers won titles, while three winners were from University.

GRAPPLERS — Wrestling for all seventh- and eighth-grade boys has been added to Spring Valley Junior High School's physical education program.
After all students participate, each class selects a champion wrestler. There are 14 weight divisions in all. After the champions have been chosen, students wrestle with other classes. Recently, the champions came together for their final match in the school's auditorium as all the boys rooted for their favorite contenders.
Ed Cherry, physical education teacher, said that the introductiion of wrestling was met with great enthusiasm from the student body.

Trophies, Plaques, Charms Awarded to MM Swim Champs

Aquatic winners were rewarded Moday night as the Mt. Miguel girls' swim team lined up for trophies, plaques and charm bracelets.

The team, which won the CIF championship, was beaten only by El Capitan (105-91) and tied by Granite Hills (102-102). Miguel swimmers topped such teams as Patrick Henry, Monte Vista, Grossmont, Crawford, Helix, Santana and Madison High schools.

At an awards banquet in the Rondevel Room of the San Diego Zoo, at which parents were in attendance, coach Shirley Oates presented trophies to the top 12 swimmers.

These were: 1. Lisa Goodwin, 166.50 points; 2. Leslie Carlson, 150.00; Mary Oberdorfer, 147.00; Cindy Sundahl, 134.33; 6. Sandy White, 127.00; 7. Karen Saucier, 126.50; 8. Ruth Carnes, 105.50; 9. Plaques were awarded to three "most valuable" swimmers. They were: Lisa Goodwin, "A"; Eileen O'Brien, "B", and Cindy Sundahl, "C".

Charm bracelets were awarded to Jana Neeson and Leslie Carlson who tied for "Most Congenial". Diane Carlson was awarded a bracelet as "Best Sport" and Mary Ann Perry as the "Most Improved Swimmer."

Lisa Goodwin was awarded a bracelet as team captain for the year.

Late Scores

M.V. Basketball

Monte Vista High School's basketballers, led by Gary Earle's 17 tallies, defeated the La Jolla Viking cagers, 69-55, Tuesday night on the losers' floor.

Along with Earle, center Allen Bunting and forward Jack Cross scored in double figures. Bunting tossed 14 tallies through the hoops, while Cross netted 12 scores.

The Monarchs will play the Granite Hills Eagles Saturday night in the opening round of the Kiwanis Tournament.

The win for the Monarchs Tuesday was the sixth win in a row for the county's top-rated team.

The Monarchs fell behind in the first quarter, giving away several turnovers, but bounced back in the second half to run away with the win. The Monte Vistans managed 27 points in the third period, while the Vikings could only get 14.

M.M. Basketball

Mount Miguel High School's basketball team swept to victory in the closing minutes of its game against University High Tuesday night, after the Dons had rallied to tie the game in the fourth quarter.

The Miguel cagers started off slowly, trailing 7-6 in the first period, but bounced back in the second period to take a three point lad at halftime. At the end of the third quarter, Mount Miguel led by seven points, but the Dons came back to tie it with three minutes to play.

The Matadors came alive after that, however, and pulled away from the Dons for a 64-56 win.

John Slater paced the Matadors with 17 points, while team mate Tom Young chipped in 14. Gary Russ threw in nine more, while Mike Bruner netted seven.

Chargers List 1971 Pre-Season

Minnesota's powerhouse Vikings, a team for winter, will play in San Diego next summer.

Defending National Football League champions, the Vikings head a list of four National Conference opponents on the 1971 pre-season home schedule of the San Diego Chargers announced today.

All four games will be played on Saturday nights at San Diego Stadium. The schedule:

Aug. 7 — Washington Redskins

Aug. 14 — Minnesota Vikings

Aug. 28 — New Orleans Saints

Sept. 11—Atlanta Falcons

Two road games, to be announced at a later date by the home teams, will complete a six-game schedule for the Chargers.

San Diego will be facing Minnesota, Washington and Atlanta for the first time. The Chargers and New Orleans have split even in two previous preseason games.

Washington features the explosive passing of Sonny Jurgensen and running of Larry Brown; Minnesota, its notorious "Purple People Eater" defense; Atlanta, a strong young defense sparked by middle linebacker Tommy Nobis, and New Orleans, the prodigious place-kicking of Tom Dempsey.

Pre-season games are an optional purchase for Charger season-ticket holders. Season tickets for 1971 are on sale now at the Chargers' main ticket office at San Diego Stadium Gate D.

Miguel Grapplers Win Invitational Over Uni

By Walter Ekard

Mount Miguel's highly touted matmen nipped University by two points while sweeping to victory in the Mount Miguel Invitational Tournament, last Friday night.

The eight schools competing stayed pretty even in the early going of the tournament. University and Mount Miguel pulled steadily away as the tourney progressed, with Univerity carrying a slim margin into the final round of wrestling.

Both teams carried six grapplers into the finals and both placed men in the consolation round. The Matadors, on the strength of five first place champions, came out on the long side of a 123 to 121 point victory. San Diegito finished third, followed by Chula Vista.

The Matadors got outstanding performances from Dale Siscon, who pinned two opponents in route to the finals, Gino and Miguel Cesena, Mark Shuff, and Greg Robinson. The five of them took first place in their respective weight divisions.

Another outstanding wrestler for Miguel was 154 pound Dave Rower, who was unseeded at the beginning of the tournament, yet finished second in his division.

The narrow victory margin for Miguel nevertheless should give Matador Coach Ned Blass high hopes for the future.

Tomorrow, the Matador matmen face Monte Vista, a leading CIF candidate, and rated among the top three in the county.

Aztecs Try Home Court

There's no place like home—especially when you're losing. San Diego State's basketball team will be making its first home appearances of the season this week as they host a pair of intersectional rivals.

The Aztecs play host to North Dakota State Friday night and then entertain Ball State the folling evening. Tipoff times are set for 8 p.m. in Peterson Gym on campus.

"It's great to be able to finally play a home game," remarked head coach Dick Davis who has seen his Aztecs drop three straight road encounters. "It's tough enough to play on the road, especially when you're doing a lot of travelling, but even more so when it's the opening of the season."

THE PHONE BOOTH

We know that everyone likes to call friends and relatives long distance during the Christmas holidays. That's why we'll have every available Operator on duty and all circuits in operation to handle an expected record number of calls. But just as freeways get crowded during rush hour traffic, our telephone lines sometimes become overloaded during the peak Christmas period. To help avoid delay in getting your call through we suggest:

PLAN YOUR CALLS—Since Christmas and New Year's both fall on Fridays, you can take advantage of the same low rates as the holiday by placing your calls during the weekend. That way you'll have a better chance of getting your call through quicker. (Also, lines are not usually as busy in the afternoon.)

DIAL DIRECT—Your call will go through faster if you dial it yourself, using the area code and number. If you get a busy signal, hang up and try again a few minutes later.

Have you noticed that now every one of our coin pay phones has an address card? Sometimes knowing exactly where you're calling from can be pretty important, like in an emergency, or when someone is coming to pick you up. This is just one more way we've tried to make our pay phones more useful to you.

All of us at Pacific Telephone want to wish you and your family a very Merry Christmas and the best for the New Year ahead. We've enjoyed serving you in 1970 and we've tried to bring you the best service possible. Our resolution for 1971 is to continue working toward this goal.

DINERS — First-graders in Mrs. Nita Stratton's room at Casa de Oro School combined Thanksgiving with a culminating activity on a unit in nutrition.
Prior to their breakfast feast, students studied life with the Pilgrims as well as science and health. All ready for the big day, the first-grade girls prepared eggs, bacon, toast, juice and fruit. The boys set the table and served the food. The students planned the breakfast through their studies on what constitutes a healthy beginning meal for each day. Who knows, perhaps for Christmas, turkey!
Most of the children had just one comment upon conclusion of their labors: "Yummy."

High School Girls Get Service Recognition

Cards recognizing individual service to the community were presented to 39 high school girls at a fashion show and coffee last week at the Grove Room of Walker Scott, College Grove. All of the girls have participated in the San Diego County Council of Camp Fire Girls Horizon Club Community Volunteer Service (CVS) program for a period of one to three years.

As CVS participants, each girl has chosen her own type service in a community project which appeals to her, according to Mrs. Jack Guthrie, VCS chairman, who presented the cards. These services have included assisting with backyard swim classes or Project Head Start, ushering at the Old Globe, and acting as aides for the summer education program at the San Diego Zoo.

Other girls chose to spend their CVS time working in the office of social agencies or acting as candy stripers in various hospitals.

Chargers Ready For Chiefs Battle Sunday

Santa Claus is coming to town . . . but he doesn't wear a red vest or ride a horse named Warpaint.

The vest belongs to Coach Hank Stram and the horse to the world champion Kansas City Chiefs. They will attempt to play Scrooge against the San Diego Chargers Sunday. Kickoff is 1 p.m.

The final game of the 1970 season for the Chargers (4-6-3) will be held at San Diego Stadium. Call it the house of thrills or house of horrors, the Mission Valley edifice has been the scene of six previous games and all have been decided by three or less points with the Chargers on top only once.

Of San Diego's 13 games, nine have been decided by three or less points with the Chargers on top only twice.

While there will be no more tomorrows for the Chargers after Sunday, the Chiefs (7-4-2) still have a hope of defending their Super Bowl Championship. The parlay of a Kansas City victory over San Diego and a Buffalo win over Miami would give the Chiefs a berth in the AFC playoffs.

But the Chargers hope to end a season of near misses with a big hit Sunday. "The Chiefs are one of the best teams in football," said San Dieg Coach Charlie Waller, "But Oakland showed us last Saturday that they are not invincible.

Rocked by the Raiders, 20-6, Kansas City is the same powerful team which defeated the Chargers, 26-14, at Kansas City three weeks ago. The Chiefs boast the league's No. 1 scorer, Jan Stenerud with 109 points: No. 1 interceptor, Johnny Robinson with 10; No. 1 punt returner, Ed Podolak with a 14.4 average, and a top-ranked defense featuring all-pros Buck Buchanan, Bobby Bell, Willie Lanier and Robinson.

Quarterback Lenny Dawson won "NFL Player of the Week" honors for completing 17 of 24 passes against San Diego in the first game. Podolak leads the Chiefs in rushing with 692 yards and a 4.5 average and Otis Taylor is their top receiver with 31 catches for 569 yards.

SQUIRT— The Lemon Grove Fire Department recently purchased a new piece of equipment called a "Squirt". The squirt takes three men to operate and can pump 2,000 gallons of water per minute.

According to the department, the Lemon Grove district got an extra fine "deal" by purchasing a demonstrator model, saving the taxpayers $12,000. The rig cost the District $60,375 including tax and delivery fees.

It is used mainly for structural fires, and can be used on taller buildings as well as one story structures. It is diesel powered, giving it more economical operation and a longer life span.
Crews from the Lemon Grove Fire District have been training with the rig daily for the last week, and hope to be ready to put the machine into operation by next Friday.

Local Arrested For Possession Of Marijuana

Sheriff's deputies, after picking up a suspect during a security check, arrested him last week for possession of marijuana.

While making the security check of businesses on Broadway, in Lemon Grove, deputies observed the suspect standing near a motorcycle shop in the 7300 block of Broadway.

The suspect, Thomas E. Godref, 18, of 8387 Golden ave., Lemon Grove, was unable to produce any identification, and was taken to the Lemon Grove Office of the Sheriff's Department, where dilated eyes and an odor of marijuana brought on the search which netted the contraband.

L.G. Man Reimburses Employer For $14,000 in Forged Checks

SAN DIEGO (CNA) — A Lemon Grove man who forged more than $14,000 in payroll checks of the company which employed him was put on three years' probation, but made full restitution Thursday in Superior Court.

Ronald Miller, 27, of 2034 Skyline dr., Lemon Grove, was arrested on March 23 and charged with nine counts of forging payroll checks and altering employment records at Perma-Wall and Southern Paint Co. At the time, he was a supervisor with 20 to 60 men working under him and earning $1,000 per month.

Miller pleaded guilty to one count on July 1, and the other counts were dismissed in "furtherance of justice." He remained out on bail while the court waited his restitution efforts before pronouncing judgment.

Judge William P. Mahedy was told Thursday that Miller had made full restitution through a loan from Fred Ehlers, manager of Colorama Paint Co. It was also stated that an insurance company involved was willing to take a 50 cents on the dollar settlement, but that Miller paid in full what the insurance company paid on his account.

Reismbursement to Ehlers is being made at the rate of $500 per month, a probation report to the judge stated. In granting probation, Judge Mahedy's only condition was that no laws be violated.

Sheriff's Office Issues Tips On Seasonal Safety

The San Diego County Sheriff's Department issued tips on how to keep the holiday season from turning sour due to theivery.

Some of the more common mistakes that some people make include leaving drapes open when leaving their houses during the holiday season.

Leaving the drapes open allows passers-by to view all those nice gifts and displays, and invites thieves in for a closer look. If a door or window has been left unlocked, a thief may well take off with the whole holiday season.

Other mistakes that are common include leaving the car doors unlocked and gifts in plain view while the car is parked at the local shopping center.

The best place for newly purchased gifts is in the trunk.

When purchasing gifts for youngsters such as bicycles, it is wise to instruct the recipient in safety rules, and make sure the bike is put away when not in use. A safety pamphlet is available for bike riders from the sheriff's office.

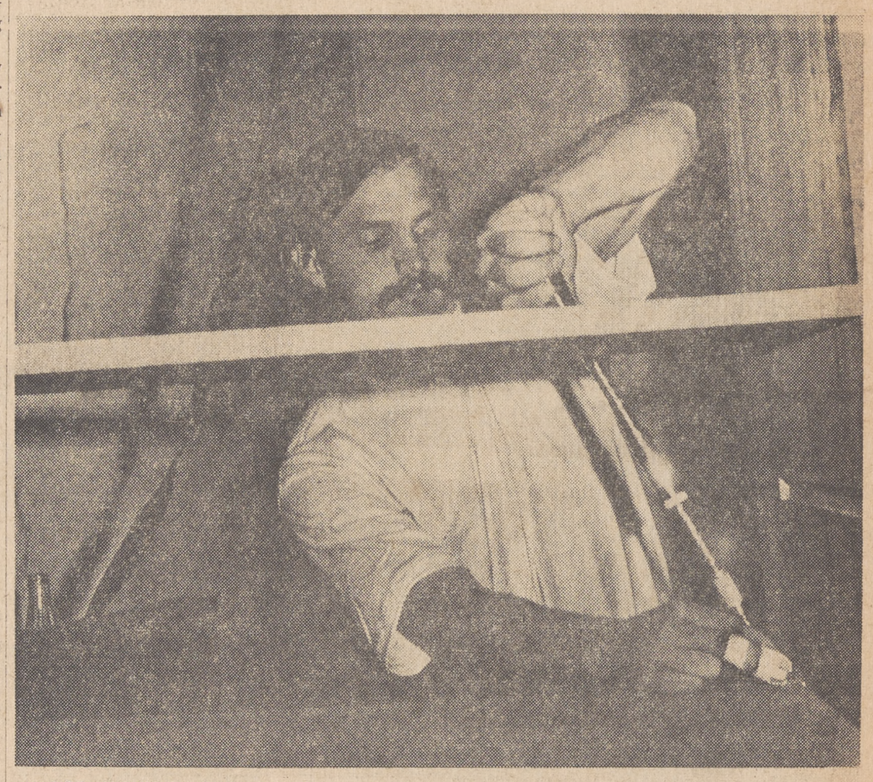

One of the most common complaints during the Christmas season comes from the household that likes to use a lot of outdoor lights in display.

Many practical jokesters enjoy stealing outdoor lights, and even throwing them on pavement or against houses, causing destruction and danger from the broken glass.

Pamphlets are available at the Lemon Grove and East County Offices of the County Sheriff regarding safety and caution to be used during the Christmas season as well as throughout the year.

RETURNS — Jay B. Sandmann, CPA, who purchased former State Treasurer Bert Betts' accounting firm in 1960, has returned. He has opened offices at 3560 Grove street near Lester. Sandmann was associated with Betts at 7898 Broadway in Lemon Grove when Betts ran for the office of State Treasurer and won. Sandmann then purchased Betts' practice. Sandmann moved to Santa Barbara in 1964 but was injured in an accident earlier this year in the mid-west. He has been recuperating for the past six months.
When Sandmann was in Lemon Grove previously he was active in youth projects.

WOOD, WHIM, and Ware, is the name of a business that opened recently in Lemon Grove, at 3440 Main st. In photo above, Joe Lesser, owner of the shop, works on a desk he hopes to complete in the next few days.
The shop deals exclusively in wood works, and Joe says he will make just about anything from rocking chairs to book ends.

OVER-TIME PARKING faces the driver of this old log truck, registered in 1921, who straddled a tiny Doglas fir tree seedling when he parked nearly 50 years ago.
The tree, obviously handicapped, has grown up through the truck and partially encased the frame to both sides. Dale Houston, a forester for Georgia-Pacific Corp. representing a newer generation of tree farmers, looks on in disbelief at the old hardrubber tires and chain drive once common in the woods. The photo was taken in Northern California.
